## IDEA Disability Information

## Multiple Disabilities

### What are Multiple Disabilities ?

A child with **multiple disabilities** has **more than one** condition covered by **IDEA**. Having multiple issues creates educational needs that **cannot** be met in a program designed for any one disability.

### How to Help Children with Multiple Disabilities

Learn how to find out if a child is eligible for special education. When kids are found eligible, the next step will be to create an **Individualized Education Program (IEP)**. For kids who are in **preschool** or **younger**, you may want to learn about early intervention.
